Agro Forestry and Farm Forestry plantation services

**“If you think about next year, please sow a seed,
If you think about next generation, please plant a tree”**

We plant best quality tree saplings that has high drought tolerant qualities, grow well with less water, convert barren lands into profitable farms, require minimum maintenance and offer high profit potential. We offer such agro forestry and farm forestry plantation services across Tamilnadu on chargeable basis.

Tree varieties we recommend

- ◆ Ailanthus excelsa
- ◆ Subabul
- ◆ Melia Dubia
- ◆ Causarina
- ◆ Pongamiya
- ◆ Poovarasu
- ◆ Eucalyptus
- ◆ Magakani
- ◆ Gmelina arborea

Services we offer

- ◆ Soil test.
- ◆ Selection of right tree varieties after discussion with experts.
- ◆ Preparation of land.
- ◆ Plant trees as per recommended spacing using latest technologies.
- ◆ Post plantation maintenance guidance.
- ◆ Marketing guidance for selling wood logs.

We request Farmers, Corporates, investors, NGO's, Industrialists, colleges and people who hold barren lands to avail this services.

We will shortly offer tree and flower saplings which can be used for Return gifting for the guests for special occasions such as “marriages, birthday celebrations,…”

**Let's grow trees and make attractive profit !
Let's also contribute for the future generation !**
